

March 19 1946

Mr Lary Doby  
Patterson N.J.

Dear Lary:

You were mailed your contracts to play ball with The Eagles for the coming season, over two weeks ago. A few days later I received word from Mr Manley you had informed him you were not satisfied with the terms. As a result of this conversation, I wrote you and told you the time it would be convient for me to see you at the office and discuss the matter with you.

To date I have not had the courtesy of a reply from you. Having met your mother I know you were not raised this badly. There is only one conclusion to reach, that is you are being very poorly advised by someone both stupid and ignorant od baseball conditions.

I am offering you another opportunity to come talk to me about playing with The Eagles this year. If you do not come I will assume you are not interested in playing with us, and have other plans. I will be in the office all day Friday March 22nd, as the team leaves for camp March 30th.

Very Truly Yours
